Physical Activity and Health: An Interactive Approach, Third Edition serves as a valuable text for understanding the workings of the complex systems within the human body and the multidimensional components of human health. This text presents scientific evidence on the relationship between physical activity and health in a readable and understandable format. Filled with information, guidance, recommendations, and practical applications, it prepares students to identify the aspects of personal behavior that, with modification, can improve their overall health. Together with engaging features that address self-assessment and changing health habits, it charts a path that puts students in control and allows them to decide what to do and how and when to do it.

Think big, spend little! Everything you need to make your movie is in this complete resource kit. The Power Filmmaking Kit is a comprehensive, multimedia book and DVD package that empowers you to produce your own Hollywood-quality movie. Emmy-award winning director Jason Tomaric produced an independent film using only local resources for under \$2,000 that not only got picked up for distribution, but is also used as a case study in top film schools. This book shows you how to do the same, regardless of your budget or location. You'll learn how to achieve professional quality on a microbudget, using the resources you have at hand. The book includes:

- * Coverage of the entire filmmaking process. It's all here, from writing, directing, and cinematography, to acting, editing, and distribution.
- * Step-by-step instructions, tips, diagrams, charts, and illustrations for how you can make a Hollywood-caliber movie on a next-to-nothing budget with little upfront money and access only to local resources.

The DVD includes:

- * Time and Again, the profitable, award-winning, internationally distributed independent film made for under \$2,000
- * One hour of video tutorials unveiling how the movie was made...interviews and behind-the-scenes case studies on directing, production, and editing
- * Complete rough footage from a scene for editing practice
- * Forms, contracts, and more resources

The Producer's Notebook includes scripts, storyboards, schedules, call sheets, contracts, letters from the producer, camera logs and press kits from "Time and Again." See how the production was scheduled and organized, read the script, follow the storyboards and watch the production unfold from beginning to end.

- * Blank contracts and forms that you can print out to use on your own film

Decision Making Under Uncertainty in Electricity Markets provides models and procedures to be used by electricity market agents to make informed decisions under uncertainty. These procedures rely on well established stochastic programming models, which make them efficient and robust. Particularly, these techniques allow electricity producers to derive offering strategies for the pool and contracting decisions in the futures market. Retailers use these techniques to derive selling prices to clients and energy procurement strategies through the pool, the futures market and bilateral contracting. Using the proposed models, consumers can derive the best energy procurement strategies using the available trading floors. The market operator can use the techniques proposed in this book to clear simultaneously energy and reserve markets promoting efficiency and equity. The techniques described in this book are of interest for professionals working on energy markets, and for graduate students in power engineering, applied mathematics, applied economics, and operations research.

The student workbook is design to help you retain key chapter content. Included within this resource are chapter objective questions; key-term definition queries; and multiple choice, fill-in-the-blank, and true-or-false problems.
